Thursday, February 16, 2012**

Stretch Your Dollars

9:00 – 9:30 AM

Or

11:30 AM – 12:00 PM

Times are tough, but it's important to save, and scrimp to save, even through the tough times. We help you find creative ways to get by as your bills continue to go up, but your income may not be keeping pace. We show you how to get your records and bills organized, set goals, save more and spend less, shop smarter and control debt. We also discuss where to turn for help if you need it.

Please feel free to eat during the workshop, but drinks are on us!

Please sign up by emailing Kerri Green at greenk16@nationwide.com

Walk-ins are welcome!

Contractual and Part-time employees *can* and are *encouraged* to participate in these plans!
